Item number:

Company:

Complaint:

Production code:

1. Date of commissioning:

2. Application:

Brand:

Type: ...

3. Is the battery damaged:

Is the damage caused by a leak:

Is there a leak but no damage:

4. Vehicle charging voltage (measured at the battery)/charger used:v

Charging and then testing the battery

5. Charger used:

Allow 1 hour of inactivity after the battery has been charged

6a. Midtronics test (starter batteries):

6b. Forex test (5 hr) (other batteries):

Voltage: V

Setting: Vpc ah Cut-offv

CCA: EN

Test result: min.ah

Electrolyte check only if the battery type allows it

7. Electrolyte check:

Level too low

Brown Electrolyte

White Electrolyte

	Specific gravity
Cell 1 (+)
Cell 2
Cell 3
Cell 4
Cell 5
Cell 6 (-)

Comments:

Only fully completed forms can be processed. Batteries have to be kept for one month after submitting the warranty request for possible additional tests. Please only return batteries upon request.

Send the filled out form to Verkoop@landportbv.com
