

KETTENRITZEL UND KETTENRÄDER

Unsere **Kettenritzel** und **Kettenräder** stammen großteils von JT Sprockets, dem weltweit führenden Hersteller von Ritzel und Kettenrädern. Von jedem unseren Lieferanten wurden Kettenritzel und Räder von der TU Wien überprüft um Ihnen bestmögliche und gleichbleibende Qualität zu gewähren.

JT fertigt die Kettenritzel und Kettenräder durch drehen, fräsen und bohren - der beste Weg um höchste Qualität sowie die geringsten Toleranzen und das beste Profil zu erreichen. Nach der anschließenden Hitzevergütung wird jeder Artikel von Hand geprüft - so setzt JT Sprockets neue Qualitätsstandards in der Motorradindustrie.

Nummerierungssystem bei Kettenritzel und -rädern

Austauschbarkeit bei Kettenritzel und -rädern

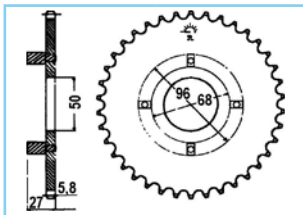

1XX - XXX - zz

Bei Übereinstimmung der **Stellen 1-6** stimmen die Kettenritzel oder -räder außer in der Zähnezahl vollständig überein. Ein Tausch untereinander ist problemlos möglich - ggf. Kettenlänge korrigieren.

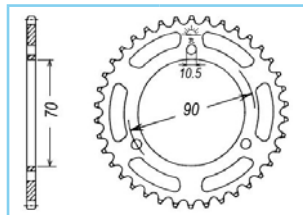

1XX - xXX - zz

Bei Übereinstimmung der **Stellen 1-3 und 5-6** stimmen die Kettenritzel oder -räder außer der Kettendimension vollständig überein. Ein Austausch ist möglich wenn sowohl Kettenritzel, Kettenrad und Kette mit gleicher Kettendimension (Stelle 4) verwendet werden.
